Volunteer Gardener Opportunity

The Campbell Centre is a mental health inpatient ward in Milton Keynes run by the NHS, that has created a new sensory garden for its patients and staff in April this year.

We're looking for some friendly volunteers with any level of gardening experience to help us keep this space looking its best at all times.

If you have an interest in gardening and could spare some time to support, we'd love to hear from you.

Please give our volunteering team a call on 0203 317 2383 or send an email to cnwl.volunteer@nhs.net

Flexibility – weekdays preferred between 9am and 5pm, but can be discussed on a one to one basis.

Base: CNWL Milton Keynes Community Health Services, Campbell Centre, Hospital Campus, Standing Way, Eaglestone, Milton Keynes, MK6 5NG.
